

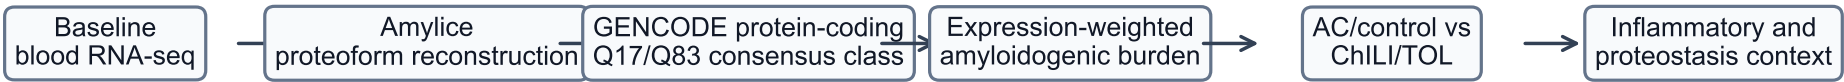

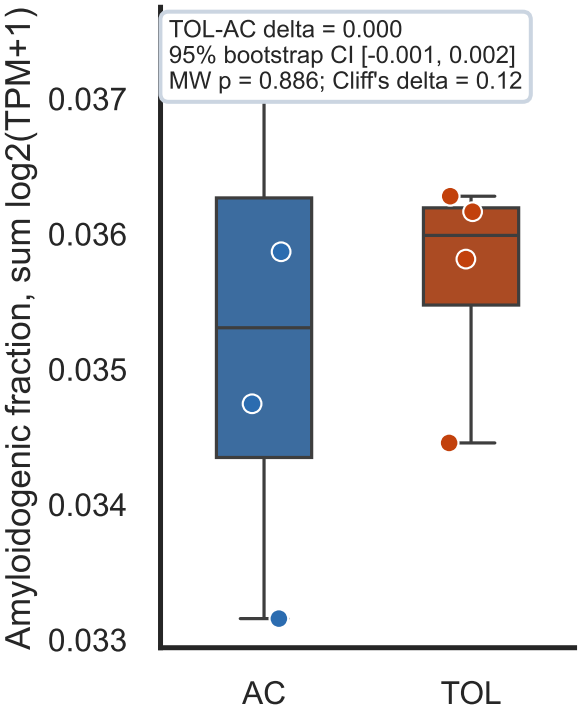

Figure 3. Baseline protein-coding amyloidogenic burden and inflammatory coupling in ChILI/TOL samples

A

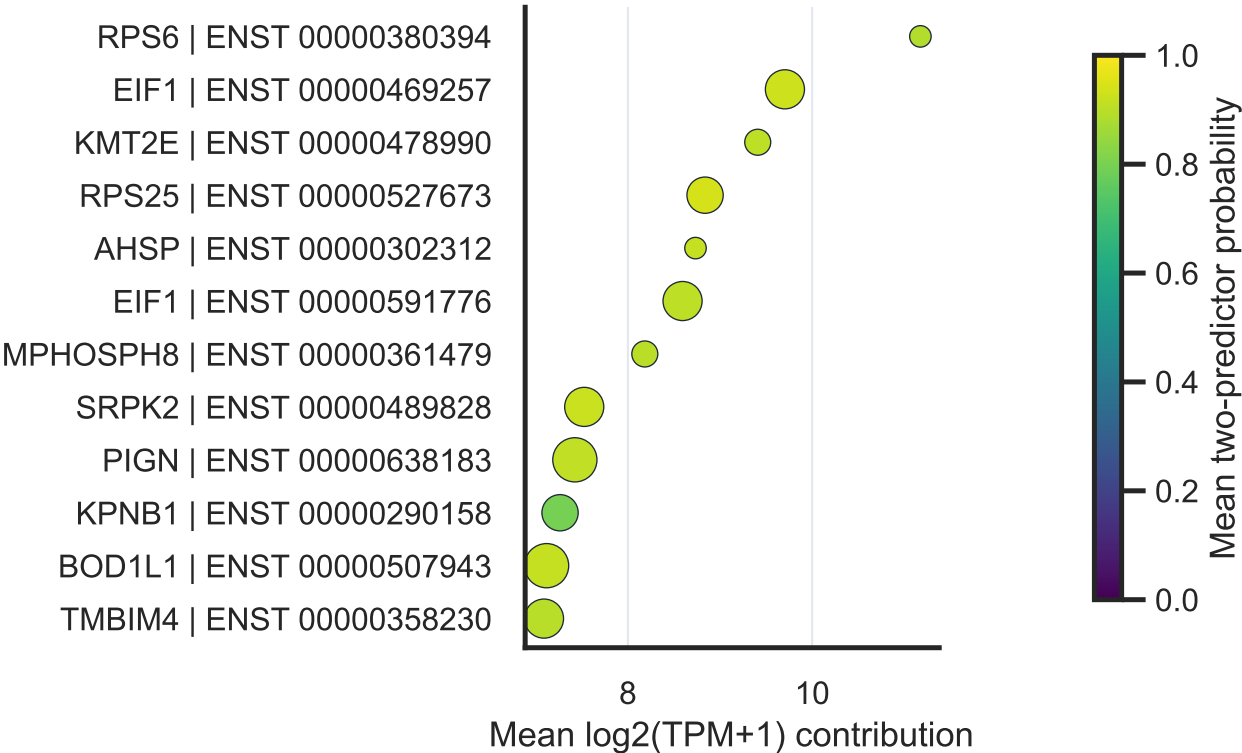

Working class: ProteinCoding_BothPredictors_Q17_Q83_Class; Amyloidogenic=6 651 Intermediate=191 984 Non-Amyloidogenic=1 430 NA=70 437 rows.

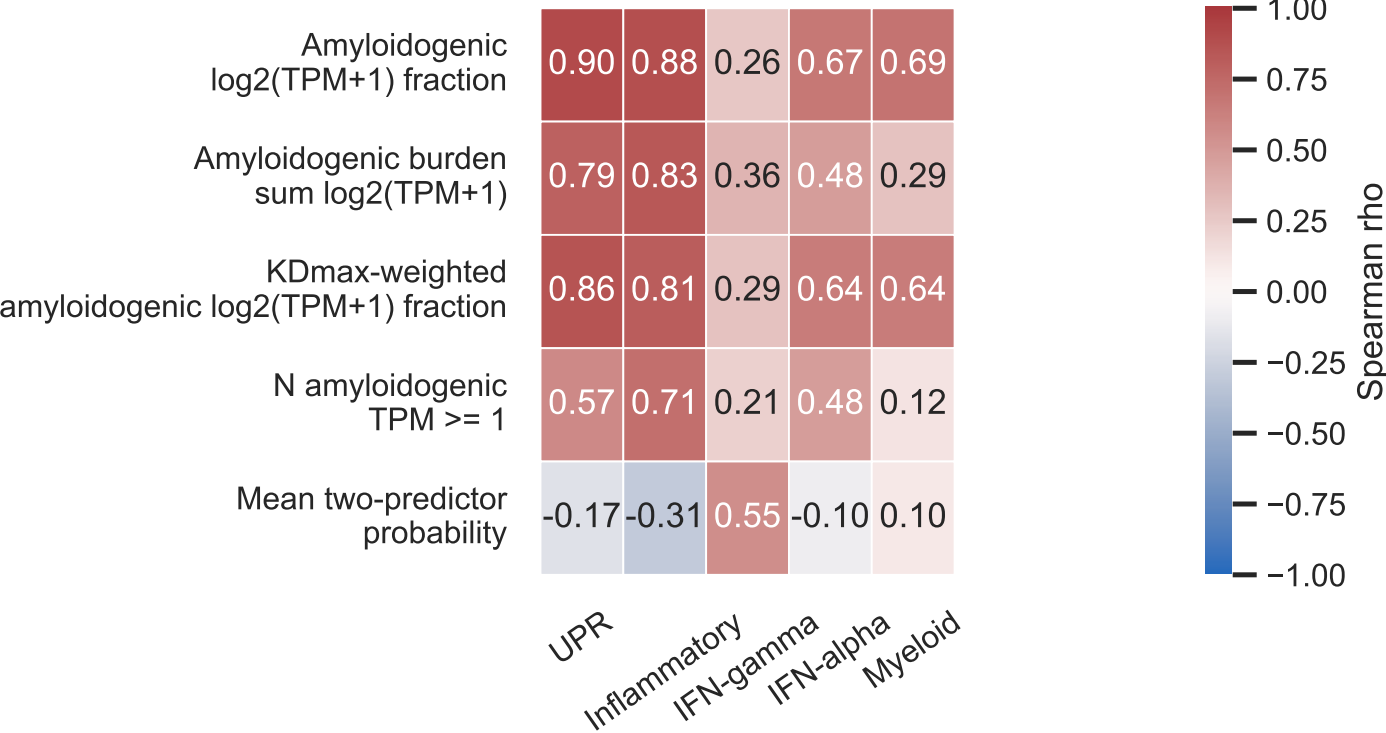

B. Protein-coding Q17/Q83 amyloidogenic burden

C. Top amyloidogenic burden-driving proteoforms

D. Q17/Q83 burden coupling with transcriptional signatures

E. Representative burden-signature association
